Subject: Upcoming settlement with Cloverdale Foods - Draft Press Release

Doug and Deb –

R8 is finalizing a settlement with a meat processor in Mandan, ND for violations of the chemical accident risk reduction regs (CAA 112r). The company, Cloverdale Foods, will be performing several SEPs and paying a penalty. I requested that my team work with OCPI on a draft press release to highlight the settlement and the importance of compliance with the 112r regs. We'll send a hot topic to you next week (when we expect the settlement will be finalized), but I wanted you to have a heads up. Please let me know if you have any questions.

Thanks,
Suzanne
